

## Education

### Stanford University

B.S. Product Design

GPA: 3.7 / 4.0

2017 - 2021

## Awards

### Top 10 Most Influential

#### Stanford Undergraduates

Spring 2019

Stanford Politics

### Lunsford Award for Oral

#### Presentation of Research

Spring 2019

Stanford Hume Center for

Writing and Speaking

## Skills

### design thinking

project management,

user research, rapid sprints

### digital design

Adobe Creative Suite, Figma

### physical design

CAD, manufacturing, foam

modeling, Arduino

### coding

Python, Java, C/C++, HTML/CSS

## Experience

### U.S. Census Bureau, Census Open Innovation Labs (COIL)

Design Fellow (Visual, UX/UI)

Oct 2020 - present • Remote

Conducting user research to redesign COIL's Data Curation Hub website.

Leading branding for Demo Week, a summit where leaders in tech and government share projects they've collaborated on through COIL.

### Los Angeles Times

Creative Technology Intern (Project Manager, UX/UI Designer)

June 2020 - Sept 2020 • Remote

Led a team of designers & engineers to redesign the Los Angeles Times' mobile app for 2000+ users. Designed the interface for a Chrome plugin.

### Emergency Design Collective

Project Manager

March 2020 - May 2020 • Remote

Organized rapid design sprints with medical professionals and engineers to create PPE playbooks that helped hospitals, makers, and the general public navigate PPE shortages in the wake of COVID-19.

### TINA Healthcare

Product Design Researcher

December 2019 - present • Stanford, CA

Designing patent-pending inclusive tampon applicators for women with spinal cord injuries, who have limited dexterity. Started our first round of beta testing for our second prototype with 12 users.

### Stanford Introductory Seminars

Course Assistant

August 2019 - present • Stanford, CA

Mentoring engineering students on designing for disability through intentional user research during rapid design sprints. Discussing issues of inclusion, equity, and ableism in engineering.

### Unbound

Product Development and Operations Intern

June 2019 - August 2019 • New York, NY

Created CAD prototypes of sexual health products and inclusive design guides for transgender & disabled communities. Product launched in 2020.

### Associated Students of Stanford University

Chief of Staff, Undergraduate Senate Deputy Chair

May 2018 - present • Stanford, CA

Advocating for community needs with university leadership. Focused on service workers' issues & protections for sexual assault survivors.
